WALTER BURKE CHRISTINE ENNA

**Ka-Boom! Summer  
makes it's way!**

July is here, and although some may say that most of June was reminiscent of typical October weather, it truly is summer. The kids are out of school, the barbecue is getting prepped for the 4th and my bikini collection is complete, if I could ever get to wear one! Las Vegas was amazing and I encourage you all to take a trip out there with whoever you can grab! There is so much to see and do and in the next issue, we will have a full spread on all the hot places to go. I want to take this time to wish my brother a very happy birthday on the 5th. I love you and don't worry, this isn't your gift.

While the weather was chilly, we decided to spice things up for you. Please welcome our two new interns, Kelly Everham from Ramapo College and Jenna Amore of Monmouth University. We have a fun filled summer planned for these ladies so look out for them.

July has always been one of my favorite months. I love the Fourth and getting together with friends and watching fireworks, eating, hitting the beach and enjoying what summer is all about. We even decided to turn the tables and teach the women to be the queen of the coals! That's right, get you spatulas ready because inside you will learn all you need to know on being the owner of the true "Kiss the Cook" apron!

How about new trends? Summer is fun, but damaging your skin is certainly not! We interview Jennifer Presti, a 23 year old entrepreneur from Oceanport, who has brought airbrush tanning to Fair Haven and this you've gotta try! We also have great photos from NYC's Designer Ball which I thank Lisa Farkas for attending with me, tips on getting the best health insurance, fashion No-No's, the hottest wedding invites, your letters and horoscopes. We also tell you of Carly Uretzky-Miller, the president of Earth Spirit Yoga Bags. She's not your typical 16-year-old, don't miss this! Are free weights better for you over machines; is yoga safe for children? You'll get the answer to all these questions once you turn the pages.

So if you're on the beach or sitting at your favorite cafe and ready to jump into this issue, know that it is brought to you with love! We wish you a safe and fun Fourth of July wherever you choose to celebrate and we think its safe to say it is finally summer. Enjoy the issue and your summer, we'll see you in August!
